## EXPERIENCE

### CSSI Internship

June 2023 – July 2023

*Seva Yagna Samiti*

*Bharuch, Gujarat*

- Applied Computer Science skills to support rural development initiatives at Seva Yagna Samiti, enhancing community welfare through tech-driven solutions.
- Contributed to social causes, leveraging technology to address real-life challenges and improve the quality of life for underserved populations
- Developed a deeper understanding of the intersection between technology and social impact, fostering a sense of responsibility towards humanity

## PROJECTS

### GrowthGenius – Digital Marketing Agency | *HTML, CSS, JavaScript, PHP* | [GitHub](#)

October 2024

- Designed a dynamic digital marketing agency platform with features for blogs, recent projects, services, and an About Us page. The platform enhances client engagement and visibility while streamlining digital marketing efforts.
- Built using cutting-edge web technologies to offer a seamless and intuitive user interface.

### Harsh810.io – Personal Portfolio | *HTML, CSS, JavaScript* | [Website](#)

July 2024

- Created a personal portfolio website showcasing my expertise, skills, and projects. Includes a modern homepage, an "About Me" section, a skills section, and a contact form for seamless communication.
- Utilized responsive web design techniques to ensure accessibility and usability across devices.

### Digilibrary - Library Management System | *HTML, CSS, JavaScript, PHP, MySQL* | [GitHub](#)

April 2024

- Developed a comprehensive Library Management System as part of an academic Database Management System project. The system features book management, user authentication, borrowing and returning books, book search functionality, and automatic fine calculation for late returns.
- Designed to streamline library operations and enhance the user experience through efficient management and a clean user interface.
